

## Peoria Civic Center – Parking Guidelines

Note: These are unofficial guidelines. Businesses in Peoria can and do change their parking practices without updating online information. You must follow posted signage at all Peoria businesses, city parking spots, and Heartland Parking spots.

**Important Reminder!** Do not park in the Big Al's parking lot. It looks inviting and is close to the Civic Center, but **you will be towed!** Big Al's does not want cars in their lot, and they are known to tow immediately without notifying the car owner.

PeoriaCivicCenter.com has a Peoria Downtown Parking map. Click Venue Info/Parking & Directions. Then click on "additional parking options throughout the Peoria downtown area". When referencing numbers in the following guidelines, it is this map that is referred to.
